ACERCA DE MÍ

I'm, Jayslen Rojas Serrano

I'm 20 years old and I live in the Dominican Republic.

I currently do not have work experience, but I have developed solid knowledge in web development, including HTML, CSS, JavaScript, and various modern frameworks, in a self-taught way, and creating personal projects.

I am also studying the career of Software Development at the Instituto Tecnológico de las Américas (ITLA), where I am training with an integral in the latest trends and technologies in the sector.

PROJECTS.

I do not have work experience but i have done so projects, to prove my skills
